

**LOS ALAMITOS UNIFIED SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

**MEG CUTULI**

**AGE: 54**

**OCCUPATION:** Governing Board Member, Los Alamitos Unified School District

My experience as a board member of the LAUSD allows me to work for greater academic and personal success of every child.

Our tests scores continue to improve each year and we are refining the curriculum to meet and enrich our students' needs. All our schools are recognized as California Distinguished Schools and/or National Blue Ribbon Schools.

Because of my financial background and experience, I was instrumental in balancing our budget. Our school district has received a positive certification from the OCDE for the next 3 years.

Plans for modernization of our school sites and new construction at LAHS are on schedule. With careful planning and input, we finalized our plans and maximized the State's funding portion.

I have shown my commitment and leadership by being elected President of the Orange County School Board Association. My family has lived in this community for 24 years and all of my three children have attended and graduated from LAUSD. I will work to continue our partnerships among the parents, residents, all district employees and organizations within the district. My decisions as a school board member have always been and always will be based on what is best for kids.
